

County Court of Union County

From the office of
EARLE C. MISENER, COUNTY JUDGE

HAROLD SCHWEBKE, COMMISSIONER
RALPH ROBINSON, COMMISSIONER

Ron Scoubes, City Recorder
City of Elgin
Elgin, Oregon, 97827

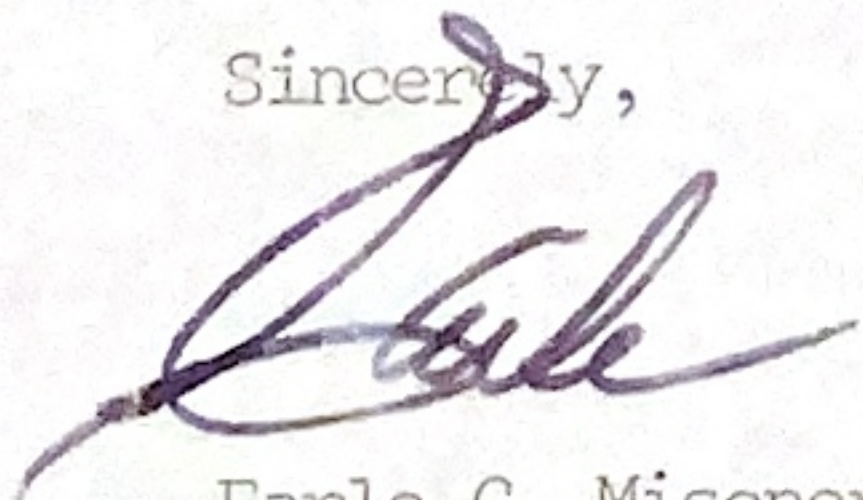

Dear Ron:

Thank You for your letter expressing the concern of the City Council. The Health Department is responding to the many requests to have health clinics by scheduling measles immunization clinics this week for all the school districts.

It does bother me that people are complaining to the city for what the County is doing or not doing. Would appreciate it if you would refer any complaints to my office. If the people involved do not want to call us would you please do so, letting us know of the specific nature of their complaint. There is no way we can be responsive to the needs of the citizens of the county if we never hear their complaints.

On another matter, I have scheduled a meeting of the County Court on December 6, 1978 at 7:30 p.m. to discuss the City of Elgin's proposal to operate a land fill. I will call you Friday to confirm this date and time.

Sincerely,

Earle C. Misener

Dear Sir:

At a City Council meeting held November 14, 1978, an extended discussion was held by the Council on the service or assistance provided by the County Court for the City of Elgin.

The services provided by the County Health Nurse to the Elgin Schools and Community Center have been almost nil in the last few months. The Community Center is providing services, etc. for a growing number of people in this area such as Imbler, Summerville, Palmer Valley and even La Grande.

The Council feels very strongly that a clinic for the measles immunization program should be held in Elgin before December 4 due to the number of people requiring these shots.

It seems there is an ever growing number of complaints received by this office by the people in the City that very few services are being rendered for the City for the amount of tax money that is being collected by the County Court.

Very truly yours,

City Recorder
